

Andersons Fund Supporting Organization Grant Guidelines

The Andersons Fund Supporting Organization (the Fund) has been created to enrich the quality of life for individuals and families in our region. The Fund serves northwest Ohio and southeast Michigan with a particular emphasis on the greater Toledo area. Grants support organizations with programs in the areas of education, social services, physical & mental health, neighborhood & urban affairs, natural resources and the arts.

Grants are awarded only to nonprofit, charitable organizations which have been designated as having tax exempt status under section 501(c)(3) of the Internal Revenue Service code.

Grant Making Priorities

Priority consideration will be given to:

- Requests related to capital projects. The Fund will generally look most favorably on those requests that involve additional funders and do not attempt to rely on the Fund to support the project in its entirety.

NOTE: When considering capital requests, the Fund's Board is not just interested in the physical facilities or the specific piece of equipment. Simply stated, buildings house programs and equipment can help advance a mission. Therefore, even though the Fund's priority is capital projects, the Board will take a look at the programs provided by the requesting organization, its financial stability and other key operational issues.

The Fund will generally place a lower priority on the following types of requests:

- Annual, ongoing operating costs.¹
- Sectarian activities of religious organizations.
- New, untested programs.
- Endowment campaigns.
- Information technology related expenses.
- Support for schools.

Grant Application Process

The Fund considers grant requests once per year. The deadline for proposals is **April 15**. Proposals must be submitted through the Foundation's online application process. The online application can be accessed via the Foundation's website at www.toledocf.org. Proposals must be received by 11:59 p.m. of the application deadline in order to be considered for funding.

The Fund's professional staff and Board of Trustees carefully review all grant applications. The Board of Trustees meets approximately 90 days subsequent to each deadline date to make funding decisions. Applicant

¹ *It is recognized that annual operating support is a significant need. However, the Fund does not have sufficient resources available to consider annual operating requests from all nonprofits in the community. Therefore, the Fund will generally limit its support of annual operating costs to providing grants to the United Way of Greater Toledo. In this way, the Fund can support – through one grant - the general operating needs of a large group of nonprofits without depleting all of its available resources.*

organizations are notified, in writing, of approval/denial of funding requests within one week after the Board of Trustees takes action. Project expenses incurred by an applicant organization prior to such notification cannot be paid by the Fund.
