Equity & Access Initiative
Request for Proposals

Greater Toledo Community Foundation is a public charitable organization created by citizens of our community to enrich the quality of life of individuals and families. In response to recent events across the nation and within Toledo, the Foundation created the Equity & Access Initiative to proactively address the concerns raised by communities that are disproportionately impacted by inequity and lack of access in the Greater Toledo area.

Greater Toledo Community Foundation offers grants up to $15,000 for proposals that address a variety of areas including advocacy, economic development, employment and nonprofit capacity. Due to the complexity of these issues, only organizations with experience working within a proposal’s target geography will be considered. The Foundation seeks collaborative proposals that leverage multiple partners’ expertise. Applicants may submit stand-alone proposals during the initial application period; however, projects which advance to the final application phase may be partnered with other projects to ensure a collaborative approach.

Grants will only be awarded to nonprofit, charitable organizations which have been designated as having tax-exempt status under section 501(c)(3) of the Internal Revenue Service code. Applicant organizations must be located in and providing services for residents of northwest Ohio.

Grant Application Process:
The Equity & Access Initiative will utilize a two-step application process. Letters of Intent (LOI) will be accepted until 11:59 p.m. on August 21, 2021. LOIs must be submitted through the Foundation’s online application system in order to be considered. The LOI should succinctly describe the proposed project and detail how it meets the priorities of the fund.

All proposals will be reviewed by the Foundation’s professional staff and the Equity & Access Initiative Advisory Committee of the Board of Trustees. The Equity & Access Initiative Advisory Committee will invite a select group of high impact projects to submit full applications and will make final funding recommendations to the Foundation’s full Board of Trustees. Determinations on grant applications will be announced approximately five months after the deadline.
Focus Areas
Competitive proposals will support new and existing programs that address the priority areas.

A high priority will be placed on proposals that focus on activities that leverage expertise in collaboration between multiple minority-led nonprofit, grassroots associations or community-based organizations, small-capacity nonprofits and/or first-time foundation applicants. The proposal should demonstrate a clear understanding of relevant community planning efforts, how the proposed project may correspond to and advance those efforts more efficiently, and directly address current and legacy concerns of communities that are disproportionately impacted by inequity and lack of access.

Additional priority areas include projects that actively respond to one or more of the focus areas:
- Advocacy: support action-oriented education on racism, implicit bias or other barriers that marginalize communities in the Greater Toledo area. Priority consideration will be given to projects that include a focus on the Black community.
- Economic Development: support best practices that expand the number of minority-owned businesses.
- Employment: provide access to living wage careers.
- Nonprofit Capacity: elevate existing skillsets of boards and management staff, and address technical gaps of nonprofits that serve minority communities.

Contents of the Letter of Intent: The following describes broad content areas of the application. Interested applicants should view the online proposal for a full listing of questions.
- Project Description – Brief description of project, including target population, timeline and project location.
- Project Budget – State the amount that is requested and specify how grant dollars would be used.
- Collaboration – Identify anticipated collaboration partners.
- Outcomes – Briefly highlight anticipated outcomes in relation to the grant focus areas.

Contents of a Full Proposal: The following describes broad content areas of the application. Interested applicants should view the online proposal for a full listing of questions.
- Purpose and Need – State the goals and objectives of the project. Identify the problems or needs which will be addressed. Identify the population that will benefit from this project or program.
- Implementation – Summarize the plans and timeframe for implementation of this project. Identify the individual(s) who will be responsible for overseeing the program and briefly describe their qualifications.
- Evaluate – State the criteria and procedure that will be used to evaluate the success of the proposed program. Relate this evaluation to the stated goals and objectives.
- Sustainability – Identify plans for securing ongoing support for this project once Foundation funds are expended. Include anticipated future financial needs of the program, potential sources of funding, etc.
- Project Budget – Attach a one-page project budget, which:
(1) specifies the requested grant period;
(2) delineates line-item expenses that clearly detail the proposed use of grant funds including how dollars will be distributed among partner organizations; and
(3) lists projected income (both solicited and received) and expenses for the proposed project.
